November 2026

Dear Parent/Carer

The Computing Department will be running an exciting educational trip for Year 8 and Year 9 students to visit the National Museum of Computing in Milton Keynes, located on the historic Bletchley Park site, home to the top-secret World War II codebreakers who helped shape modern computing.

This visit will provide students with a unique opportunity to explore the history of computing and discover how technology has evolved from the earliest machines to the powerful systems we use today. Throughout the day, students will take part in a range of interactive workshops and activities designed to inspire interest in Computing, Artificial Intelligence and Digital Innovation.

The trip will take place on Thursday 21st January 2027. We will leave school at 9:00am and will return at approximately 3:30pm. Please make safe arrangements for your child to get home upon their return to school.

Students are to wear full and smart school uniform and bring a packed lunch. (This will be provided for students who receive a free school meal).

We ask for a contribution of £29.80 to cover the cost of the tickets and transport. (There will be a price reduction for Pupil Premium students), payable **using the Beehive online payment facility to secure your child's place on** the trip.

There are 40 places available. Tickets will be on a first come, first server bases.

Please complete the reply slip below and return to Admin by Friday 20th November 2026.

Research and appropriate measures have been taken to ensure that all realistic safety precautions are in place for all trips and visits. Parents or the school reserve the right to withdraw children from a trip or visit. Where payments have been made, we cannot guarantee refunds will be given.

Your sincerely

A Jabba
Trip Leader
