Dear Parent/ Carer,

## **RE: Lionheart Easter Revision offer**

This term at Lionheart we have been working hard to ensure that your child has every opportunity to prepare for their upcoming GCSEs or A level examinations this summer. We are committed to supporting your child to feel positive, confident and prepared for the challenges ahead. In addition to quality teaching and learning, Lionheart teachers are employing a range of other strategies to support your child to reach their potential.

These strategies include: study skills sessions, advice and guidance around optimum revision resources, mentoring, revision sessions, targeted intervention, trial examinations and individual feedback designed to support students to reflect on individual areas for further focus.

We hope our parents and carers also feel supported to understand how best to support your child with the examination season. If you do have any questions, please do not hesitate in contacting your child's tutor or teachers in order gain further advice.

### **Microsoft Teams 'Live' lectures**

In addition to a range of face to face revision sessions that may target specific learners in school, this Easter we have asked a team of specialist teachers from across our schools to plan and deliver some high quality 'live' lectures that will be delivered via Microsoft Teams.

These sessions will occur on **Monday 03 April, Tuesday 04 April, Wednesday 05 April and Thursday 06<sup>h</sup> April** throughout the day during the first week of the Easter holidays.

These lectures will be also be recorded and made available via the Lionheart VLE by the following day so students can watch again, pause and make revision notes.

This is especially useful if they have been invited into their school for some on-site support. The option to 'watch again' can be scheduled flexibly over the holiday period.

The schedule and accompanying links to these sessions are attached to this letter.

We would encourage your child to review this learning offer and plan to attend some of the one-hour sessions in order enhance their understanding. The sessions are targeted to support pupils to
