## Year 11 Event: The Big Revise – Thursday 18<sup>th</sup> January – 3pm to 5pm

Dear Parent/Carer,

I am writing to give you information about our second Big Revise event for Year 11 which follows the successful September event that we had. This event has been hugely successful and well received by Year 11 students last year (who achieved the best results we have ever had) at Humphrey Perkins.

On Thursday 18<sup>th</sup> January between 3pm and 5pm, there will be a whole year group revision event to help focus and motivate students following their Trial Exams and before their upcoming Summer Exams. This will begin with a whole Year 11 assembly in the hall during the end of the final lesson of the day.

The focus of this event is to specifically go thorough strategies for effective revision and most importantly for the students to be actively involved so that they leave the event with practical steps and resources to boost their revision approach. The students will then be able to use these skills and techniques for the rest of the year and beyond.

In between the two sessions, there will be a short 15-minute break where free pizza and juice will be provided for all students. There will be a late bus running for our usual routes at the end of the second session so all students who get the school buses home will be able to attend (this includes mini-bus students). As a school, it is our expectation that all students will attend. If there is a transport issue for any reason as to why your son/daughter would not be able to attend – please can you call to inform the school office team and if there is a need to put on a second late bus then we will do so.

This is a fantastic opportunity to motivate and support the whole year group. At Humphrey Perkins, we want all of our students to work hard and aim high. The Big Revise is a great chance for our students to benefit from revision support with a renewed focus and motivation for their Summer Exams.

Thank you for your ongoing support and continued partnership in ensuring your child maximises their outcomes in Year 11 and beyond.

Best wishes,

Rikki Khakhar  
Vice Principal
