Dear Parent/Carer

February 2024

## Year 10 Maths Feast 2024

Your child has been selected as a member of the team that will represent Humphrey Perkins School in the Advance Mathematics Support Programme's Year 10 Maths Feast 2024.

The competition will take place on **Wednesday 14<sup>th</sup> February 2024** at Loughborough University. A minibus will leave school at 9.00 am, taking students to the venue ready for a 10.00 am start. The event will finish at approximately 1.00pm and students will be brought back to school to complete the school day.

Students are to wear full and smart school uniform and bring a packed lunch (this will be provided for students who receive a free school meal).

This is a national competition which combines mathematical, communication and teamwork skills and offers students another way to express and develop their enjoyment of mathematics. Teams of four students will test their maths skills with an all-you-can-eat feast of problems. The aims of Maths Feast are to improve problem-solving skills using recreational maths and to improve teamwork and communication skills.

In order to promote this work, local media may be invited to come along and report on the day. I would be grateful if you could give permission for your child to be photographed or filmed if they are asked, or if they are captured in the background, or better still if they are a member of a winning team!

Research and appropriate measures have been taken to ensure that all realistic safety precautions are in place for all trips and visits. Parents or the school reserve the right to withdraw children from a trip or visit.

Please fully complete the attached reply slip and return by Friday 9<sup>th</sup> February. If you have any questions, please do not hesitate to contact me at school or by email [khyati.jethwa@humphreyperkins.org.uk](mailto:khyati.jethwa@humphreyperkins.org.uk)

Yours faithfully

*Khyati Jethwa*
